<b>Title</b>	Brainstorming Session on finding an alternative solution for the problems caused due to POP ganesh idols
<b>Date</b>	10 <sup>th</sup> September 2022
<b>Venue:</b>	Bosch Training Centre, Ground Floor, B block
<b>Time</b>	1.00 pm to 3.00 pm
<b>Resource person</b>	Dr. Vivek. V. Kulkarni

<b>Description</b>	
	<p>For design students, it's tremendously important to find solutions for on-ground problems. This habit can only be generated through brainstorming session and using our critical thinking. Hence SGU conducted a brainstorming session for F.Y. B.des students.</p> <p>The objectives that were discussed in the session are -</p> <ol style="list-style-type: none"><li>1) Problem identification - what is the core problem behind all the mess</li><li>2) Limitations in the usage of eco-friendly materials.</li><li>3) Different types of designs were discussed - Product Design System Design Process Design Service Design</li><li>4) Students were asked to design a system that can solve the problem that were discussed</li><li>5) Students developed 2 systems that can crush the shadu ganesh idols and can provide the raw material in its best possible way back to the makers.</li></ol>
