

Industrial Visit

The Industrial visit was arranged to BE students as part of the Satellite communication subject curriculum. It was arranged on 15th July 2016. Total 46 students from BE final year of E&TC engineering visited this place. The faculties accompanied were 1) Mr VN Kambale 2) Mr KD Salunke, 3) Mr PG Kamble 4) Mrs Deshmukh SC, 5) Ms Zarin Tamboli and office boy Mr Pravin More. The purpose of visit to get practical knowledge about Satellite communication, specifically INMARSAT and also Optical communication used at Tata communications. Students saw satellite communication sub systems like antennas, TX-amplifiers, Rx-amplifiers, modems, converters etc. And in optical communication various SDH multiplexers, demultiplexers, various vendor make SDH, DWDM equipments. Students got very good knowledge about these communication system and appreciated this industrial visit,
