

Report on Engineer's Day celebration

In today's world, technology plays an important role in meeting man's smallest needs. Technology is the driving force behind our lives today. Engineering creates a new, emerging world order through the implementation of current technologies. Since the invention of fire and the wheel, science and innovation have played an important role in civilization.

Our kitchens wouldn't be as convenient without mixers and blenders. We see the best marvels around the world through the work of the world's most excellent engineers. We now live in a simpler time as engineers have replaced complicated processes with simplified ones. Almost everything today can be done online: transactions, education, businesses etc.

India observes Engineer's Day on September 15 as a mark of remembrance and tribute to Mokshagundam Visvesvaraya, who is considered as one of the greatest engineers in the country. Vishveshvaraya is also known as the father of Indian Engineering because of his enormous contributions and innovations in the field of engineering and development of society.

Theme for Engineer's Day 2021

Engineering for A Healthy Planet- Celebrating the UNESCO Report on Engineering is the theme of World Engineers Day 2021.

As celebrated nationwide, Engineer's Day was celebrated in Sanjay Ghodawat University with enthusiasm and fervour. The programme was organised by the Students' Welfare Office with active support from the Management and higher authorities.

On this occasion it was decided to felicitate two young Engineers' from the soil of Kolhapur whose contribution in the field of Engineering in our region has been exemplary.

Mr. Monish Jirge, J. Mechatronics, Innovation Ambassador who has his own start-up which in a short span has been reckoned in the field of Mechatronics.

Mr. Mangesh Patil, Managing Director, Mourya Group of Industries, a 500 crore company, who has won several awards for his contribution in the field Foundry,

manufacturing of critical components, exports etc. Within a short span the company has grown and is now having presence overseas.

The dignitaries, Honourable Trustee Shri. Vinayak Bhosale, Honourable Vice Chancellor Prof. (Dr.) Arun Patil, Respected Registrar Dr. N.K. Patil, Respected Director Dr. V.V. Kulkarni graced the occasion.

The program was inaugurated by venerating goddess Saraswati and paying reverence to the Father and Mother of the Institution.

The welcome address was rendered by respected Registrar Dr. N. K. Patil.

Both the guests of honour were felicitated by the hands of Honourable Trustee Shri. Vinayak Bhosale and Honourable VC Prof. (Dr.) Arun Patil for their noteworthy contributions.

Honourable Trustee Shri. Vinayak Bhosale during his speech narrated his career path as an Engineer and motivated the participants to give their best'

Honourable VC Prof. (Dr.) Arun Patil also guided the audience to create value to students by imbibing best practices in Engineering education so as to make students ready to face the challenges in Engineering field.

Mr. Monesh Jirge in his address opined that students can develop themselves by networking and there endless opportunities in the field of Engineering.

Mr. Mangesh Patil in his speech expressed his views of the changing expectations of corporates and how there is a need for students to be bold and to express themselves.

The entire programme was anchored very effectively and smoothly by Ms. Deepika Patil and Ms. Rahesha Mulla, Assistant Professor, Department of Computer Science Engineering, School of Technology.

The programme was concluded by respected Director Dr. V. V. Kulkarni by rendering a vote of thanks and was ended with exchange of greetings by the participants.
